What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What are the requirements for a telecom cabinet?

Compliance with Standards: Depending on the region,the cabinet must meet specific industry standards such as IP (Ingress Protection) ratings,seismic ratings,or fire safety standards. This general process may vary slightly depending on the manufacturer and specific requirements of the telecom project.
