What is an outdoor integrated cabinet?

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made.

Why should you choose a communications equipment cabinet?

When locating communications equipment in an outdoor environment, selecting the right Equipment Cabinet can make all the difference in maintaining the integrity and ensure the reliability of sensitive equipment.

Can a fibre-optic cable be coiled inside a communications cabinet?

A loop of fibre-optic cable must be coiled inside the communications cabinet. One loop inside the cabinet should be fine and would provide approx. 5 metres of free cable so that the fibre termination panel can be removed from the cabinet, lowered down and placed onto a table for splicing.
