Which portable power bank is best for backpacking?

Nitecore and INIU have limited international support. The best portable power bank for your backpacking adventure depends on your specific needs, but our testing reveals clear winners in each category: For most backpackers: The Nitecore NB10000 Gen 3 offers the best balance of weight, capacity, and reliability.

What is a power bank backpack?

1. Integrated Power Bank Backpack: These backpacks come with a built-in power bank, which has USB ports to charge your devices. They are convenient for charging smartphones, tablets, and other gadgets directly from the backpack. 2.

Can You charge a backpack with a power bank?

This backpack features an external USB port equipped with a built-in charging cable, making it easy to charge your devices on the go. Just connect your power bank to the internal cable, and you're all set to use the external charging port. Keep in mind you'll need to provide your own portable charger.

How do I connect my power bank to my backpack?

Make sure your power bank is securely placed in this designated compartment. Connect one end of a USB charging cable (compatible with your device) to the USB port inside the backpack. Connect the other end of the USB cable to your smartphone, tablet, or other electronic device.
