What is an IP67 enclosure?

IP67 enclosures are among the most protective types of electrical enclosures available today, with the ability to act as either indoor or outdoor enclosures, thanks to their durable weatherproof gaskets. Specifying an IP67 enclosure may be the right choice for you if:

Are polycase enclosures IP67 rated?

Polycase's IP67 rated enclosures and boxes provide protection for your electronics in indoor and outdoor applications. Meeting IP67 requirements ensures waterproof enclosures provide security for housing internal components in wet environments.

What is a ZincFive BC 2 Battery Cabinet?

The ZincFive BC 2 UPS Battery Cabinet is a nickel-zinc immediate power solution (IPS) that brought innovation in cabinet design and industry leading footprint to the BC Series. Featuring ZincFive's 80Ah high-rate battery, the BC 2 was created for data centers and enterprises who require a safe, reliable and sustainable solution. Contact us

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your ...

Powered by nickel-zinc battery technology, the BC Series was designed for data centers that demand a safe,
