Which battery should I choose for my RV Solar System?

The type of battery you choose for your RV solar system will greatly impact its performance and longevity. The two main types of batteries used in solar systems are lead-acid and lithium-ion. Lead-acid batteries are the traditional choice and come in two forms: flooded and sealed (AGM or gel).

Where can I buy a solar battery rack & enclosure?

NAZ Solar Electric carries high-quality racks and enclosures for your batteries. We stock a wide range of sizes to fit your specific needs. We carry racks and enclosures from a number of manufacturers such as Simpliphi, Outback, and Midnite Solar. Shop our selection to find the one that right for your power system.
