What is a hindlepower Battery Cabinet?

HindlePower's Battery Cabinet is designed to maximize DC system performance and battery life, saving YOU time and money. The EPIC series battery cabinet offers a NEMA 3R and NEMA 1 modular design, with built in intelligence, will safely house any combination of batteries, chargers, DC distribution, and/or other ancillary equipment.

Does unified power offer battery cabinets?

Unified Power offers a complete line of battery cabinets for both UPS and Telecom Applications. These cabinets can be configured to match OEM cabinets and offer a competitive option for system upgrades or new projects. Features Space saving foot print is the industry's most compact design.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

What is an outdoor NEMA 3R Battery Cabinet?

Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment. This becomes a great alternative for substations with limited interior space allowing for consolidation of your DC power system. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.
