What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What are outdoor electrical cabinets & enclosures?

Browse our range of outdoor electrical cabinets and enclosures and discover why we're a trusted name in the telecom industry. An outdoor telecom enclosure is a specialized cabinet designed to house and protect telecommunications equipment in outdoor environments.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature,moisture,ice,shock hazards,and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.

What are the requirements for a telecom cabinet?

Compliance with Standards: Depending on the region,the cabinet must meet specific industry standards such as IP (Ingress Protection) ratings,seismic ratings,or fire safety standards. This general process may vary slightly depending on the manufacturer and specific requirements of the telecom project.

Investing in air conditioning for your outdoor communication cabinet reduces maintenance and repair expenses. By maintaining a ...
