What is a FVP battery?

The FVP battery stands for a Factory Verified and Proven battery. It means the battery is tested for the highest performance, has exceptional quality, and offers the best value. That is why, as an automotive owner, I couldn't help but get these batteries for my vehicle to see if it performs as it preaches.

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace of mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

What is a hindlepower Battery Cabinet?

HindlePower's Battery Cabinet is designed to maximize DC system performance and battery life, saving YOU time and money. The EPIC series battery cabinet offers a NEMA 3R and NEMA 1 modular design, with built-in intelligence, will safely house any combination of batteries, chargers, DC distribution, and/or other ancillary equipment.
