What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a Type 4 outdoor power cabinet?

The Type 4 Outdoor Power Cabinet more than accomplishes this with its Thermal Management that will keep sensitive electronics functioning in extreme environments. The cabinet works very well as a stand-alone power and/or battery backup solution and provides additional space for telecom equipment.

What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?
