Can international companies invest in Guatemala?

Despite steps to improve Guatemala's investment climate, international companies choosing to invest in Guatemala face significant challenges. Complex laws and regulations, inconsistent judicial decisions, bureaucratic impediments, and corruption continue to impede investment.

What is Guatemala's low emission development strategy (LEDs)?

Guatemala's Climate Change Framework Law established the groundwork for Guatemala's Low Emission Development Strategy (LEDS) and is designed to align Guatemala's emissions and development targets with national planning documents in six sectors: energy, transportation, industry, land use, agriculture, and waste management.

Why did inflation increase in Guatemala in 2022?

Year-on-year inflation reached 9.24 percent in 2022 mostly due to the increase in international energy and food prices attributable to Russia's invasion of Ukraine. Remittances, mostly from the United States, increased by 17.9 percent in 2022 and were equivalent to 19 percent of GDP. The United States is Guatemala's most important economic partner.
