-----  
Should Hainan have a zero-tariff system?

With a zero-tariff system fundamentally in place after the independent customs operation, high-quality global resources can flow into Hainan with greater freedom and efficiency, Wu said. Trade liberalization and facilitation are defining features of a free trade port.

Will Hainan become a free trade zone?

In April 2018, China announced plans to transform the island into a pilot free trade zone, with a long-term vision of developing a free trade port with Chinese characteristics. A master plan released in 2020 aimed to make Hainan a globally influential hub for high-level openness by mid-century.

Why is Hainan free trade port regarded as a special area?

It is regarded as a special area for China to comprehensively deepen economic reform and experiment with the highest level of opening-up policies. Hainan Free Trade Port is not a seaport in the usual sense, but the entire Hainan Island is regarded as a special economic development area.

When will China's Hainan free trade port open?

BEIJING, Aug. 8 -- China's Hainan Free Trade Port (FTP) is set to launch an island-wide independent customs operation on Dec. 18, 2025, underscoring the country's wider push for high-standard opening up.
