Should Hainan have a zero-tariff system?

With a zero-tariff system fundamentally in place after the independent customs operation, high-quality global resources can flow into Hainan with greater freedom and efficiency, Wu said. Trade liberalization and facilitation are defining features of a free trade port.

When will China's Hainan free trade port open?

VCG China's Hainan Free Trade Port (FTP) will officially begin island-wide independent customs operations on December 18, 2025, marking a major milestone in the country's push for higher-level openness, according to a press conference on the development of the port held by the State Council Information Office on Wednesday.

Will Hainan FTP be a key gateway for China's new era?

“With the independent customs operations, Hainan FTP is poised to become a key gateway for China's new era of opening up and innovation,” Cai added. China's Hainan Free Trade Port (FTP) is set to launch an island-wide independent customs operation on Dec. 18, 2025, underscoring the country's wider push for high-standard opening up.

How will Hainan's free trade port work?

Once the full customs closure is in place, the island will implement a series of initiatives allowing goods and people to move freely between Hainan and other countries and regions, while also precisely managing the liberalization measures between the Hainan FTP and the mainland. Managing risk is key to the success of the free trade port.
