Can I add solar battery storage to my home power system?

With battery backup and non-backup options available, SunPower makes it easy to add energy storage to any home. Learn more about the benefits of adding solar battery storage to your home power system.

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

Is battery storage the future of energy?

The future of energy is here. Advanced battery storage solutions go beyond electricity storage. When combined with a solar system, it's an intelligent system that gives you unprecedented control over how you store and use electricity. The equation is simple: maximize your home's solar energy usage to minimize grid electricity purchases.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Battery Rack for 2x Giter G2500 batteries or 1x Pylontech UP5000 R 5263,81 Add to cart
