Who is Huawei digital power & peak energy?

[Shanghai,China,June 11,2025]Huawei Digital Power and Peak Energy,a leading Singapore-based Independent Power Producer(IPP),officially signed a Memorandum of Understanding (MoU) at SNEC 2025,forming a powerful alliance to fast-track the rollout of renewable energy solutions across the Asia-Pacific C&I sector.

What is Huawei digital power?

Huawei Digital Power will provide its next-generation Smart PV solutions,integrating advanced power electronics,and energy storage capabilities to maximize energy yield,operational reliability,and lifecycle cost savings.

Why is Huawei partnering with peak energy in APAC?

The agreement targets a significant 700MWp project pipeline across APAC countries. This collaboration signals a major step forward in the region's clean energy ambitions,combining Huawei's digital power leadership with Peak Energy's deep market presence. Strengthening Execution Across APAC

Why is Keppel partnering with Huawei in Singapore?

In Singapore,Keppel and Huawei are collaborating on a demand response initiativefeaturing a BESS developed at Keppel Infrastructure @Changi. The move will enable the two companies to further explore smart operations and maintenance solutions to enhance the performance,reliability and efficiency of renewable assets.

Huawei's Smart String Grid-Forming ESS ensures robust protection through five layers of integrated safety design, from individual cells, battery packs, racks, systems, and the grid.

Huawei and Singapore are taking strides in renewable energy with a joint initiative focused on data centers.
