How many EV charging stations are in Manhattan?

The city of Manhattan in New York, United States, has 46 public charging station ports (Level 2 and Level 3) within 15km. 100% of the ports are level 2 charging ports and 93% of the ports offer free charges for your electric car. Main Networks: Tesla, EVConnect, Flo
Need to find EV charging stations in Manhattan?

How do I select a charging station?

Selecting an individual station displays the name of the charging host, address, and contact information. Most of the stations also include charging rate information (AC Level 1, AC Level 2, or DC Fast Charge), number of charging ports, and hours of accessibility. Private and planned stations can be displayed by selecting "more search options."

What is a Level 2 EV charging station?

Level 2 charging stations allow EV owners to charge their vehicles while parked at home, at work, or on the street. DC fast chargers offer a charging experience comparable to a gas station. Charging an EV can be a challenge in New York City. Many people park their cars on the street and do not have access to a home charger.

What is PlugNYC EV charging?

New York City is developing PlugNYC, a comprehensive network of publicly accessible Level 2 and DC fast chargers. Level 2 charging stations allow EV owners to charge their vehicles while parked at home, at work, or on the street. DC fast chargers offer a charging experience comparable to a gas station.
