-----  
Is JSS a good solar company in Jamaica?

Jep Solar Solutions (JSS) is committed to being the best choice for solar energy systems in Jamaica. Through them, we can provide guarantee and warranty on the most efficient solar panels, batteries, and other solar equipment. Performance is guaranteed.

How do solar systems work in Jamaica?

In Jamaica, solar systems owners can connect to the electricity grid via a Net Billing, Power Wheeling, or Auxiliary Connections contract. This allows them to have access to the Jamaica Public Service Company Limited (JPS) grid, as per the Electricity Act 2015 and subsequent legislation.

What is an off-grid solar system?

An off-grid solar system is a standalone system that is not connected to the public power grid. It generates electricity using solar panels and stores the energy in batteries to power your home or business.

What is an on-grid or grid-tied solar system?

An on-grid or grid-tied solar system is a system that connects to the power grid. This allows any excess electricity to be fed back into the grid, ensuring you always have access to public electricity, regardless of your solar system's production.

This energy storage cabinet supports both on-grid and off-grid configurations, with harmonic distortion  $\leq 3\%$ . It complies with international standards such as IEC/EN62109, IEC/EN62477, ...

With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's BESS Battery Energy Storage Cabinet 200kWh is an ideal energy storage system choice.

Discover the key to unlocking off-grid power with the perfect battery bank for your solar system. Don't miss
