What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

How do I Configure my outdoor solar battery enclosure?

You can choose any configuration for your outdoor solar battery enclosure. Configurations are customized using racks, dividers, inner compartments, and separate doors. Racks and dividers can be used to configure the space inside your battery enclosure. Racks can be used as tiers for many batteries.

What is a floor-mounted solar battery cabinet?

Floor-mounted solar battery cabinet However, this is rare, and used mostly to house other electrical equipment in addition to batteries in heavy-duty industrial environments. We can also manufacture small free-standing enclosures to be floor-mounted or just placed down.

Do heavy batteries need a solar battery box?

Heavy batteries demand a solar battery box with extra strength and durability. In order to protect outdoor batteries from weather and damage, Bison Profab manufactures custom NEMA 3R enclosures.
