Are solar power systems a good investment in New Zealand?

We discuss our clients' requirements and provide a detailed Energy Management Solution to meet their needs. Solar power systems are a fantastic investment, wherever you are in New Zealand. For a start, your electricity bills will reduce, plus you will be protected from fluctuations in electricity prices.

What is a PowerVault solar cabinet?

The PowerVault is MEDA's flagship prebuilt solar cabinet-- our most powerful and scalable system to date. Designed to meet the needs of serious off-grid homes, rural properties, and remote commercial setups, it comes fully assembled with premium Victron and Dyness components and is housed in a heavy-duty, IP-rated cabinet.

How much does a solar system cost in New Zealand?

In New Zealand, the average cost of a solar system for a home is around \$10,000 without a battery and \$20,000 with a battery. What does a home battery do? When your solar system produces excess energy to what you are consuming on-site, it will charge your home battery.

Does NZ rugby star Beauden Barrett have a Lightforce Solar System?

NZ Rugby star Beauden Barrett has made a game-changing move off the field--by installing a cutting-edge Lightforce Solar system at his home.
