-----  
How long is AC warranty coverage?

the length of warranty coverage for AC units varies depending on the manufacturer, make, model, and type of the unit. While most residential AC units come with a 5-year warranty on parts, some manufacturers offer extended warranties of up to 20 years.

What is a warranty on an AC unit?

Most manufacturers break down warranties into these key components: The compressor is the heart of your AC. Most units come with a limited warranty on the compressor, often for 10 years. However, this warranty usually only covers the cost of parts, not labor or diagnostics. This covers the other components: fan motors, controls, valves, and so on.

What is a standard warranty on a new HVAC system?

Most systems include a standard 10-year parts warranty with registration, while labor coverage and extended plans are available for an additional cost. When shopping for a new unit, compare warranties from top brands and always verify whether both manufacturer and installer warranties are included.

Does Goodman AC have a warranty?

Goodman AC units have a 5-year limited warranty on parts, but registration and meeting requirements can qualify for a 10-year warranty. It is important to check the warranty terms through the manufacturer's website or by contacting the contractor who installed the unit. Some warranties cover parts only, while others may include labor as well.

Read this before buying a new AC unit to learn about warranties, how long they last, what's covered, and different warranties by AC brand.

What to Look For in A HVAC Manufacturer Warranty What Is A HVAC Warranty Types of HVAC

WarrantiesWhat Voids A HVAC Manufacturer Warranty?HVAC Warranty ComparisonWhy Choose A Home Warranty For HVAC CoverageHVAC Warranty CostOur HVAC Warranty RecommendationA manufacturer's warranty may seem like the most convenient option to cover your heating and air conditioning needs. However, a home warranty can be more cost-effective because it covers more systems and appliances than just your HVAC. I recommend purchasing a home warranty from a trustworthy home protection provider.
