How much does a PV module cost in China?

According to price analysis firm InfoLink: "Since March, the spot price of n-type modules in China has soared from RMB0.7/W to RMB0.73/W. Quotes from leading manufacturers are approaching the RMB0.75/W mark." The results of the China Datang Group's 2025-2026 PV module framework. Image: Datang.

How much does a resale solar module cost?

For example, N-Type modules by REC listed for resale in May and July pushed up weighted average prices to \$0.411 and \$0.460 respectively. P-Type modules in September increased to \$0.311 as modules by Sirius PV, Solar4America, and Panasonic were remarketed. The same price increase was present in P-Type Bifacials for the month of December.

How much will PV modules cost in 2025?

On 11 March 2025, the results of the China Datang Group's 2025-2026 PV module framework purchase tender were announced, with the spot price of n-type modules increasing from RMB0.7/W (US\$0.097/W) to RMB0.73/W (US\$0.1/W), and some modules priced as high as RMB0.75/W (US\$0.11/W).

How much does a resale module cost?

Prices jumped each time "Made in America" modules, whether P-Type or N-Type, were introduced into the mix. For example, N-Type modules by REC listed for resale in May and July pushed up weighted average prices to \$0.411 and \$0.460 respectively.

This year's price index has been reclassified from past years' indices to match solar panel technology types available for sale in today's ...

On 11 March 2025, the results of the China Datang Group's 2025-2026 PV module framework purchase tender were announced, with the spot price ...

When you start researching the basics of a household solar energy system, one of the initial things you'll need to learn is the ...

China's top wafer makers raised prices on key n-type formats, signaling potential module price rises toward \$0.21 (CNY 1) per watt in 2026 amid efforts to curb loss-making ...

This means slower demand for n-type products. Non-China n-type module manufacturers, on the other hand, focus on residential and ...

The 2 weeks of CY2025 have been largely positive for the TaiyangNews PV Price Index, with 8 of the listed products seeing price ...

According to data from Solarbe, the average transaction price for N-type silicon materials fell to 41,800 RMB per ton, while granular silicon dropped to 35,300 RMB per ton, a ...
