What are the new electrical safety regulations in Argentina?

On February 26, 2025, the Secretary of Industry & Commerce in Argentina published new resolutions-- Resolution 16/2025, Resolution 17/2025, and Resolution 25/2025 --that revoke the former Resolution 169/2018 and establish updated technical regulations to govern Electrical Safety Certification in Argentina.

Do I need a certified power plug for Argentina?

Under these guidelines, any plug can be used with a certified adapter disclaimer that meets the standards of IRAM 2073/2071. The disclaimer must include a tag that indicates the product does not come with a standard power plug for Argentina, and that a certified grounded adapter is necessary to ensure safety.

Are cord plugs allowed in Argentina?

These Resolutions include updates to labeling for cord plugs. Any plug is allowed with a certified adapter disclaimer with IRAM 2073/2071 with the mandatory tag stating that the product is not supplied with a standard power plug for Argentina, and that the use of a certified adapter with grounding is required so that safety remains uncompromised.
