What is an IP55 outdoor cabinet?

The second "5" indicates that the body can withstand the effects of water jets coming from any direction. This means that an IP55 outdoor cabinet can operate safely during rain, splashes, or routine external washing, making it suitable for most outdoor telecom and electrical installations.

What is an IP55 enclosure?

IP55 enclosures offer a balanced level of protection for outdoor telecom, electrical, and industrial equipment, providing reliable performance across most climate zones. When properly selected and equipped, they ensure long-term operational stability even in demanding conditions.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Are Aze Telecom cabinets waterproof?

AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Learn more!
