What is Masinloc battery energy storage?

We started our venture into battery energy storage technology in 2018 when we acquired the 10 MW Masinloc Battery Energy Storage System (BESS) of the Masinloc Power Plant from AES Philippines. The Masinloc BESS is the first battery energy storage facility in the Philippines and one of the first in Southeast Asia.

Why should you choose Cebu solar?

Our goal is to help clients achieve sustainable energy independence while reducing their carbon footprint. Choose us for reliable solar solutions that prioritize quality, efficiency, and savings. At Cebu Solar, we specialise in high-quality, customised solar energy solutions designed to help homes and businesses harness the power of the sun.

Who are the best solar panels companies in Singapore?

Turn on the sun! GetSolar, a leading solar panel company in Singapore, is dedicated to scaling the deployment of distributed solar energy systems. They emphasize transparency in pricing and offer innovative plans, such as a Rent-to-Own program, making solar energy accessible and affordable for both homeowners and businesses.

How big will the Philippine solar industry be by Q4 2025?
