How much is Vietnam tender market worth?

The Vietnam tender market is estimated to be worth over US\$100 billion annually. This makes it one of the largest tender markets in Southeast Asia. Bidding for tenders in Vietnam is extremely lucrative for companies of all sizes.

Will a draft decree encourage rooftop solar PV projects in Vietnam?

The proposed draft decree on policies to encourage rooftop solar PV projects in Vietnam aims to address some of the existing regulatory gaps and provide a clearer framework for rooftop solar PV development.

Why are rooftop solar PV projects growing in Vietnam?

This growth has been driven by government incentives and an increasing awareness of the benefits of renewable energy. In order to facilitate the development of rooftop solar PV projects, Vietnam is putting together a regulatory framework that governs the implementation and operation of these systems.

What are the laws governing rooftop solar PV projects in Vietnam?

The development of rooftop solar PV projects in Vietnam is primarily governed by the Law on Electricity 2004 (as amended), Decision No. 13/2020/QD-TTg of the Prime Minister, and Circular No. 18/2020/TT-BCT of the Ministry of Industry and Trade (MOIT).

This framework, issued by the MOIT, ensures transparency and consistency in pricing, serving as the foundation for agreements between power generation units and ...

The document provides a technical proposal for a 100kWp grid-connected solar PV system in Tamil Nadu, India. It includes a system design, ...

ECE Energy's All-In-One solar battery storage cabinet: Professional solar ESS with 100kWh battery storage
