Why do you need a battery cabinet?

Proper housing is crucial for maintaining optimal performance and safety for your Uninterruptible Power Supply (UPS) batteries. Our cabinets are designed to provide a secure, organized, and temperature-controlled environment, essential for maximizing battery lifespan and complying with safety regulations.

What makes a good UPS battery cabinet?

It is important to find a UPS Battery Cabinet that can easily be configured and adapted to match your UPS Systems; plus your UPS Battery Cabinet should be flexible enough so that it can either be upgraded or fit into any future new projects. Features should offer space-saving features that will fit into the most compact UPS designs.

What are omnipower stackable battery cabinets?

The OmniPower stackable battery cabinets are strong, locally-manufactured powder-coated steel units that ensure your battery bank is safely enclosed while adding great aesthetic appeal to your installation. Optional extras include professional safety fuse kits and castor wheels.

Which battery cabinets are suitable for omnipower opr120?

Optional extras include professional safety fuse kits and castor wheels. These battery cabinets are suitable for batteries such as OmniPower OPR120, Royal 1150K, Deltec BD1250, CSB GP12100, etc.
