What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Are Iceberg telecommunication cabinets BABA certified?

BABA certified. Cooling and heating powered by Dantherm. At Iceberg, we specialize in providing telecommunication cabinets designed to house your essential equipment securely. Our solutions are tailored to meet the demands of modern connectivity, ensuring your operations run smoothly and efficiently.
